

# Uncured Beef Hot Dogs

**PINELAND FARMS™**

**NATURAL\* MEATS**

## All Natural\* Fully Cooked

No nitrite or nitrate added except for the naturally occurring nitrates in sea salt and celery juice powder.

## The healthy alternative!

Our uncured hot dog is made with beef that was raised on our family farms. Most hot dogs contain synthetic nitrates, nitrites, casings and fillers. Pineland Farms Natural Meats is committed to using only nature's ingredients, like celery juice powder, sea salt, raw sugar and natural lamb casings.

Our hot dogs are crafted by a German family that has been making sausage since 1870!

We believe there are no natural hot dogs offered that can equal the quality you can expect from Pineland Farms Natural Meats. These delicious, uncured all natural beef hot dogs are fully cooked and come in a variety of packages. Just heat, serve and enjoy!

## All Natural\* means ...

- ◆ No Antibiotics of any kind
- ◆ Fed a strict vegetarian diet
- ◆ No added growth hormones
- ◆ Raised humanely on sustainable farms
- ◆ Not fed animal by-products

\* Minimally processed. Contains no artificial ingredients.

**Welcome to Pineland Farms Natural Meats.** We are proud to support sustainable agricultural practices and family farms vested in humanely raising livestock. Our Never Ever program NEVER allows the use of antibiotics, growth hormones, or feeding of animal by-products, EVER! With each purchase, you are helping to preserve and strengthen these farms and sustain their way of life for generations to come.

**Supporting a way of life – family farms.** We believe there are no all natural fully cooked Hot Dogs offered that equal the quality you can expect from Pineland Farms Natural Meats. The purchase of our products strengthens your relationship with the agricultural community and demonstrates your support of sustainable agriculture, since we work on a cooperative basis with hundreds of family farms. Cattle supporting this program are raised responsibly and in ways which result in minimal environmental impact.
